

Hello CROYA Alum,

Hope all is well in your world. We need your help back in the world of Lake Forest, Lake Bluff and Knollwood. The economy has affected our lives and the funding of CROYA. So in an effort to represent the services of CROYA to the youth in our home towns, we are gathering data on the types of programs, the cost to operate said programs, the staff who deliver the programs and the students who benefit from the programs.

As a person who participated in CROYA, at any level, we would love your feedback on the attached survey which may take you no more than five minutes to complete. IN addition it would help our efforts if you would forward this message to any CROYA alums you are in contact with. We are 30 years old this year so join us in celebrating with a chorus of Happy Birthday to CROYA ☺

Thanks,

Amy
